Thank you for hiring us for your road examination. We are a third party tester for the State of Alaska DMV. **The fee for this service is non-refundable.** There should not be any audio or video recording devices, cell phones or cameras of any type turned on during the road test.

We use the DMV scoring rubric and follow the DMV road test manual. You may be disapproved by accumulation of points, dangerous driving actions, breaking traffic law or being unable to perform a basic maneuver such as parallel parking. If you do one of these things the test will end. A disapproved road test will not qualify for a refund. You may choose to retest after the mandatory waiting period and the testing fee will apply for the new test.

As third party testers the DMV may opt to retest you to evaluate our testing procedures. If this is requested there will be no cost to you for the retest. The DMV has the right to request this at any time.
